Ideas For Communication

IR Radiator feature

SCS-350TA 15/25/40

Products picture

SCS-350TA 15/25/40

Specifications

Model	SCS-350TA IR Radiator Unit
Power supply	AC100-240V
Transmit power	15W/25W/40W (selectable)
Average transmit angle	$\pm 22^\circ$
RF input	Impedance :5k Ω ,voitage:150mV-3V
Maximum covered distance	30M(15W)
Automatically opened threshold	50mV RF signal
Dimension	430L \times 320W \times 95H(mm)
Weight	7.8KG
Color	Purple

Features

- .Powerful ability of IR radiation (30 meters)
- .Synchronized with the transmitter host. Adjustable IR radiation (15W)
- .Communicating in the hand in hand daisy-chain. It is easy to install and maintain.
- .Easy installation with free attachable bracket or triangle bracket.
- .Half radiator angle: $\pm 22^\circ$
